# BARATTO BROTHERS

## CROSS LAKE, CROSSLAKE MN

Located on it's own peninsula on the south side of Crosslake, this home features 270° of panoramic waterfront views. The home's exterior features a standing seam steel roof, copper gutters with matching rain chain down spouts, full thickness stone wainscot and accents, cedar shakes, three oversized garage doors for boat parking with custom rail systems. The car garage features fully reclaimed walls and cabinetry. The home's interior is centered around a two-story full thickness stone fireplace accented with a fossil stone mantel. The great room includes a 6-panel lift and slide patio door with drop down electric screen. The kitchen features custom cabinetry and a custom copper range hood. The second level, which can be accessed via the reclaimed wood staircase or elevator, includes a guest kitchen, two bunk rooms, four bedrooms, and the master suite. Most bedrooms feature private full tile bathrooms and walkout balcony. Baratto Brothers and the homeowners invite you to view this wonderful home which was completed in 2015.
